

JESUS OFTEN went to a quiet place, like this courtyard, to teach his disciples. Scene is from a full-color motion picture to be shown Sunday, Feb. 12 by the Lake Villa Community Methodist Church.

Sixth in "Life of Christ" Series Depicts Jesus Choosing Disciples

"Discipleship," a full-color motion picture portraying the Sermon on the Mount and the Lord's Prayer, along with related events, will be presented at the Lake Villa Community Methodist Church on Sunday, Feb. 12, at 3:30 p.m. and 7:30 p.m.

The film is the sixth of 12 scheduled episodes of an elaborate new series of films spanning the life of Christ.

Melvin Colbert, superintendent of Lake Villa School, will elaborate on the cultural background of the times in connection with the film.

Among scenes in Sunday's film, "Discipleship" are those showing

Jesus choosing the 12 whom he name disciples and a sequence in which He cures a leper. The Lake Villa church is among the first in this country to present a complete scheduling of showings of this newly completed 12-episode film portraying the life and times of Christ, according to the Rev. Gerald Robinson, pastor of the host church. In filming the scenes more than 200 speaking parts were recorded and the entire cast numbers many more.

The public is invited to this and other showings in the weekly series being conducted by the church, the Rev. Robinson announced.

Girl Scout News

Antioch Area Girl Scouts and the Lakeview Council Girl Scout troops, as well as the adult volunteers who help to carry out programs for the girls, will retain their identity, as they become a part of the newly combined Lakeview Girl Scout Council.

The name is new, since on January 1, a charter became effective, which welded the Lakeside, Libertyville, and Waukegan-North Chicago councils, and the lone troops of Winthrop Harbor and Zion, into a new unit known as Lakeview.

Many months of preparation, and the combined thinking in all geographic areas of the present council went into its planning. While the troops as they are organized will not be changed, there are certain benefits by which all troops can better their programs.

For the present, the Girl Scout Office at 721 North Genesee St., Waukegan, will be retained. From that central office, all clerical work, banking, bookkeeping, buying for council services, and general business matters of the council, will be in process. Books, films, aids to leaders, training for volunteers, and general professional guidance, are some of the benefits to be employed by all of the persons involved in Scouting programs. Here to fore these services were not available to the total council area, but only to parts of it. Economies effected in the consolidation of necessary work in office procedure alone will add to the funds freed for actual use of troop programming.

Just as businesses sometimes merge to make better use of combined assets, these councils and lone

troops have pooled not only their money resources, but they have pooled the experience and know-how that it takes for adult workers to supply up-graded Girl Scouting programs in the areas involved.

Newly elected officers of the Lakeview Council are as follows: President—Mrs. B. J. Froelich, Downey, Illinois; First Vice President—Mrs. Dale Lancaster, Libertyville; Second Vice President—Mrs. W. F. Bruhn, Wildwood; Secretary—Mrs. John E. Hawse, Wildwood; Treasurer—Mrs. Robert Rayunas, Waukegan.

Mrs. A. H. Kaufman, 1025 Berwick Blvd., Waukegan, formerly of Antioch is serving on the Nominating Committee of the new council and Mrs. George Sedivec, Route 1, Antioch is Antioch - Lake Villa Neighborhood Chairman. Mrs. Helmut Netzer, Route 2, Lake Villa, is Neighborhood Chairman for that area. Other Lake Villa women serving as Board Members-at-large are Mrs. W. H. McCleod, and Mrs. Anders Nordling.

The aim of the new council is to provide high quality Girl Scout programs in such a fashion as to make them available to every girl between the ages of seven and seventeen throughout the entire area.

In the words of the newly elected president of the Lakeview Council, Polly (Mrs. B. J.) Froelich, "Girls who stay IN Scouting, STAY OUT of trouble." This observation comes after a career of 26 years in which she has had experience in many phases of youth guidance. "Good citizens make good wives and mothers," she added, "And we must provide the means for all girls within our reach to develop programs which will teach them to work, and play together. Doing good things together is the basis of good citizenship and good community living."

Second Library Art Exhibit Well Received

Much interest has been expressed in the paintings of Mrs. William Strahan, on exhibit at the Antioch Township Library.

Mrs. Strahan's paintings are the 2nd of a projected series of one-man shows planned by the members of the Antioch Art Guild.

Paintings by Mrs. Walker Lyons, the first to be exhibited, were on display for several weeks.

Given in memory of Mrs. Anne Kopriva, Nancy Cleaver's "Treasury of Family Fun" contains projects for indoor and outdoor activities for every month of the year. Hobbies, suggestions for study, games, and quizzes make this a valuable book for the family and for teachers, den mothers, and Brownie leaders.

The writings of the world famous anthropologist, Margaret Mead, have been known to adult readers for many years. Her discussions of the cultural groups of the world are basic writings in her field. She has now published "People and Places," written particularly for young people. "People and Places" was given to the library in memory of Mrs. Ruth Hallwas, and will find a wide audience among the young people of the community.

Another of the outstanding publications of Life Magazine has been given to the Antioch Township Library. Called "The Wonders of Life on Earth," the book contains hundreds of pictures in full color illustrating the zoological world. The theories of evolution are discussed and pictures of animals from every section of the globe are reproduced for study. "The Wonders of Life on Earth" was given in memory of Henry Herman.

AWC's Do-It-Yourself Presentation Of Literary Profiles Huge Success

Some 60 members and guests of the Antioch Woman's Club viewed what many believe to be one of the season's most interesting programs Monday afternoon at the Antioch Scout House.

Occasion was "Literary Profiles," presented by the Club's Literature Group. Dressed in full costume representing the character being portrayed, each member of the cast presented excerpts from a famous literary classic. Excerpts were written by each performer, and included selections from Greek mythology, Indian lore, Oriental classics,

Shakespeare, "The Scarlet Letter" and other world-famed literature. Scenery was designed and painted by Jackie Horton; Mrs. Louise Kaufmann provided musical background.

It was announced that the "Green Thumbers" will meet Monday, Feb. 13, at the home of Mrs. Elsie Hays. Hostess committee for Monday's program consisted of Mmes. Joseph Horton, chairman, Myrus Nelson, Ada Overton, Luliver Lasco, John Brogan, Robert Liess, Maurice Radke, William Rosing, E. J. Sletten and Evelyn Polzin.

Memories

Memories of 25 years ago will be rekindled this summer at the reunion of Antioch High School's class of 1936.

The gathering is scheduled July 22 at Joe and Helen's, Loon Lake. Homer White is serving as unofficial reunion chairman.

Channel Lake School Bid Opening Feb. 21

By Mrs. Pearl Kapell

CHANNEL LAKE — Bids on construction of the school addition here will be opened at the Feb. 21 meeting of the Board of Education, it was announced today.

In a referendum Jan. 28, Channel Lake voters approved a \$80,000 bond issue to finance construction of a school addition to include a gymnasium, kitchen, washrooms and other projects. Vote on the issue was 121 for, 105 against.

At the March 21 meeting, board members will consider bids on bonds.

Votes in the Jan. 28 balloting were canvassed at the last meeting of the board, Jan. 31.

MAKING DEMOCRACY WORK

"Three salient features have contributed to making the democratic process work in America: first, our faith in it as a way of government; second, our acceptance of the precept that ours is a government of law; and, third, our willingness to abide by decisions. Each is essential, and each tends to complement the other. They are the pillars that support the superstructure of democratic government. The weakening of any one of them would tend to cause the house to fall."

Village Water.....

(continued from page 1)
works improvements consisting of a 10-inch main on Ida St. from Well No. 3 to North Ave., a 10-inch main on Broadway from the elevated tank to Lake St., a 10-inch main on Depot St., and other project expenses including engineering, legal and financing costs.

The need to provide sewers in Oakwood Knolls has become critical. Soil conditions there prohibit the use of septic tanks, soil contamination is building up.

With sanitary sewers Oakwood Knolls will become a more desirable

residential area of Antioch and increasing valuation of the subdivision will be a factor in keeping tax rates down. As part of the Village, Oakwood Knolls property owners will be paying towards the general obligation bonds issued for the sewage treatment plant and other improvements in the Village. Since 1953 when the subdivision was annexed, taxes have been paid for all Village purposes by property owners in the subdivision.

In annexing the subdivision the Village acquired a waterworks system consisting of 14,500 lineal feet of 8 and 8-inch cast iron mains including fire hydrants and valves, which serve over 585 parcels of property.

Antioch at present has 575 water users. When the 585 properties in Oakwood Knolls are fully developed, revenues of the water and sewer department will be doubled.

Other improvements in the subdivision include 13,700 feet of black-topped streets and a storm sewer system. All these facilities were provided by the subdividers at no cost to the Village.

Considering the sources of revenue to be derived from Oakwood Knolls, which include taxes, water and sewer revenue, perhaps sales tax and motor fuel tax receipts, the financial advantage thus far is in favor of the Village. Yet Oakwood Knolls will still pay for its own sewers in the form of a connection charge or tap-on fee for each connection to the sewer mains. This means the property owner pays for his equivalent share of the cost of the sewer just as if a special assessment was spread.

As mentioned, revenue bonds are paid from connection charges as well as water and sewer bills. Bonds issued to pay for sewers in Oakwood Knolls, to be repaid over 30 years, represent no additional cost to Antioch residents. The subdivision as it develops and pays connection charges will produce the revenues necessary to retire the bonds.

The combination of connection charges and water and sewer charges from a fully developed area over a 30-year period will exceed the cost of installing sewers. For example, if the area is eventually 80 per cent improved, 500 users paying an average bill of \$40 per year for water and sewer service will aggregate \$20,000 per year, or \$600,000 over a 30-year period. Added to this will be approximately \$150,000 to \$200,000 to be collected in connection charges to compensate for the \$160,000 cost of installing sewers.

In next week's issue, the News will outline the new water and sewer rates now under study by the Village Board. Rates in Antioch have been among lowest in the County. The new rates are designed to support the operations of an expanded system, and take into account future growth of the Village. They will compare favorably with those of other Lake County communities.

Facts, Fads and Fancies

THE CALENDAR

FACT — "Beware the Ides of March!" warned the aged soothsayer as he saw Caesar approaching. The old man foresaw Caesar's slaying on the Ides — the 15th. In the Roman calendar — the basis for our own — the Ides was the day of the full moon.

FAD — Sadie Hawkins Day — when any gal can pursue the man of her choice, using anything from a shotgun to a slingshot — is a traditional American fun-day. Once this freedom for the femmes came only in leap years, on February 29th. Now it's an annual springtime occasion!

FACT — As January 1961 makes its entrance, millions of Americans will welcome the new year with Four Roses, favorite refreshment every day of the year.

FANCY — In 1752 all English speaking people lost eleven days from their lives. In that year, a new, more accurate calendar was adopted. As a result, George Washington's birthday, which actually occurred February 11th, 1732, is now celebrated on February 22nd.

ANNOUNCEMENTS

Card of Thanks

We wish to thank all our neighbors and friends for their many acts of kindness and sympathy; for cards, flowers and memorials, especially Fr. Ed Hood, Ed Strang and Mrs. and Mrs. John Horan, Sr., during our recent bereavement.

Dr. and Mrs. Earl J. Hays

Card of Thanks

Although I am still at Illinois Vet Research Hospital, 333 E. Huron St., Chicago 11, since July 27, 1960, I am finally picking up strength and I hope soon I'll be able to thank you all in person for the many phone calls, Get Well Wishes, Cheer Cards, Prayers, Masses, Gifts and Flowers I received.

All these things helped me, while I was unable to help myself. I appreciate all that you folks did for me. My sincere Gratitude and Thanks to all.

Clarence C. Haehlen

Card of Thanks

To all the wonderful friends who showed us so many kindnesses during our recent sorrow, may we express our sincerest thanks and appreciation.

Heat Creates Ice In New Scientific Display At Museum

You can cool your hands on real ice that is produced before your eyes by a gas flame in one of the four new display units to be added today (Saturday) to The Peoples Gas Light and Coke Company exhibit area at the Museum of Science and Industry. The display explains the principle of ice created by heat.

Another display demonstrates how thermostats control, with watchlike precision, the flow of gas in certain gas-burning appliances.

Utilizing colorful illustrations, another new display shows how a single therm of gas, a measurement of heat equivalent to 100,000 British Thermal Units, can operate a gas refrigerator for 48 hours; produce 113 gallons of hot water; dry 11 pounds of wet clothes; heat a five-room residence for five hours or cool it for four hours; or cook nine ample meals for a family of four. A British Thermal Unit, or a B.T.U., as it is generally known, is the amount of heat required to raise the temperature of a pound of water one degree Fahrenheit.

Visitor-operated displays in another new part of the People's Gas area shows that an average winter day finds Chicago's homes and industries using a total of 525,000,000 cubic feet; and that an average summer day will mean a flow of 190,000,000 cubic feet through consumer meters.

State License Deadline Nears

The deadline for displaying 1961 motor vehicle license plates is now only a little more than one week away and well in excess of a million motorists have yet to obtain their plates, Secretary of State Charles F. Carpenter said today.

Persons now applying by mail cannot be assured of having their plates in time for the deadline, as approximately two weeks are required for processing of applications and delivery of plates, Carpenter said.

To give last minute over-the-counter purchasers every opportunity to meet the deadline, the three motor vehicle facilities in Cook county and the Automobile Division headquarters in Springfield will be open all day, from 8:30 a.m. to 4:30 p.m., including Saturday and Monday, Feb. 13, a day which other divisions will observe as a holiday as a result of Lincoln's Birthday falling on Sunday, Feb. 12.

Your clothes come out as sweet as this with a flameless electric dryer

(Only electric drying is fume-free)

FLAMELESS ELECTRIC DRYING

So Clean, So Safe, So Modern

TRY AN ELECTRIC DRYER IN YOUR HOME FOR 60 DAYS

MONEY-BACK GUARANTEE

There's nothing like the fresh, sweet smell of really clean clothes — completely free of fumes and odors.

Electric dryers see to it that you get this kind of clothes drying every time. They make sure fumes or fuel dirt never creep in because electric dryers use no fuel, have no flame. Only gentle,

100% clean electrically heated air ever mixes with your clothes.

Electric dryers have no pilot to light, no fuel pipes to get in the way.

A 60-day home trial will prove that flameless electric drying is the cleanest, freshest, fastest way to dry clothes — or every penny back.

What's with This Ground Hog Bit?

By Mrs. Pearl Kapell

The ground hog came out last Thursday, saw his shadow, and so we are doomed to six more weeks of winter. The ground hog having spoken, the elements immediately cooperated gleefully by throwing a mass of wet snow at us.

No one seems to know just how the legend of the ground hog's weather forecasting proclivities started. Probably some reporter who wanted to take a picture of a pretty girl thought it up. Did you ever notice, the ground hog always finds a pretty girl breathlessly waiting at the entrance to his burrow? So now, every year reporters have to hunt up a pretty girl to gaze at some

poor, befuddled ground hog who has been dragged out of his warm nest to tell humans what's in store for them.

The whole thing seems rather silly. In the first place, there's no such animal as a ground hog. Ground hog, as anyone knows, is sausage. And the little animal who gets his picture taken every Feb. 2 is a woodchuck. Humans must have something against the poor little creature. They keep him busy chucking wood (which must be a very boring occupation), and in February drag him out of his warm burrow and deep slumber to tell them how long winter's going to be.

And, actually, we don't need him for this purpose. We have Mathon Kyrtilis. Both Mathon and the ground hog show better sense than the rest of us. Mathon predicts a mild winter and departs for the Caribbean. The ground hog predicts cold weather and crawls back in his hole. And the rest of us run around through the snow and sleet, our feet freezing and our sinuses aching, no matter what is predicted.

I used to have considerable trouble remembering whether the ground hog seeing his shadow meant an early or late spring. This is one of those things you simply have to be sure of to live a well-rounded life. My father finally taught me a short verse which straightened the whole thing out in my mind. If you have the same trouble, I pass it on to you and hope you'll find it helpful:

"If Ground-hog Day is bright and clear,
Half the winter has been here.
If Ground-hog Day is dark and glum,
Half the winter's yet to come."

Troop 84 Scouts Receive Awards

By Mrs. Fred Bartlett
Lake Villa, El 6-5372

LAKE VILLA — Seven boys of Lake Villa Scout troop 84, recently graduated from Cub Scouts, received Tenderfoot pins in investiture ceremonies last Thursday night. The seven were: William Effinger, Arley Armstrong, Peter Schmeisser, Terry Nickerson, Tom Farrell, Joe Burg, and Donald Koenig. Gene Konitzer received his Second Class badge.

Merit badges for Citizenship went to Danny Botts, Tony Veljkovich, Gene Konitzer and Jim Barnstable. Rolf Westberg received merit badges for Electricity and Fishing.

Electricity badges also were awarded Edward Westberg, Walter Pleviak, Larry Hansen, and Louis Megleo. Hansen and Megleo received Swimming merit badges. Roger Sherwood was awarded a badge in Soil and Water Conservation.

Joe Botts presented awards to the team that participated in the First Aid meet held recently in Libertyville. He then introduced and showed a film demonstrating mouth-to-mouth resuscitation.

ELECTORAL REFORM?

"The Electoral College should be retained by all means; and the electors should ride into Washington on horseback."

Girl Scout News

By Mrs. Pearl Kapell

The Lakeview Council of the Girl Scouts met at the Scout House in Antioch recently and elected Mrs. George Sedivec of Grass Lake Road as neighborhood chairman for the Antioch-Lake Villa troops. She replaces Mrs. Lester Hribar, who resigned. Mrs. Sedivec is leader of a troop of Girl Scouts from St. Peter's Church.

Mrs. Sedivec appointed several consultants to assist both Brownie and Girl Scout leaders of the various troops. Mrs. Charles Wysoiad was appointed Brownie consultant for the troop from the Antioch Grade School; for Oakland School (which has no active troops at this time), Mrs. James Bruski, Girl Scout consultant, and Mrs. George Derdarian, Brownie consultant; Grass Lake School, Mrs. Lester Hribar, Girl Scout consultant and Mrs. Ray Jensen, Brownie consultant; Emma School, Mrs. Louis Tanner, Girl Scout consultant and Mrs. William Halsman, Brownie consultant.

Channel Lake School, Mrs. Elmer Eberman, Girl Scout consultant and Mrs. Lois Ward, Brownie consultant; Lake Villa Grade School, Mrs. Albert Sorenson, Girl Scout consultant and Mrs. W. J. McCleod, Brownie consultant; St. Peter's School, Mrs. Homer W. Fox, Girl Scout consultant and Mrs. George Pulaski, Brownie consultant.

Mrs. Sedivec hopes to revitalize several failing troops and the appointing of Consultants for each leader is her first step in this direction. She feels that troops may be failing because the entire burden of leadership and planning falls on one person—the leader.

In other appointments, Mrs. James Bruski was named camp advisor and Miss Joan Cervena assistant program chairman. Mrs. James Bruski will assist all leaders who wish to plan outdoor camping trips for their girls. Miss Cervena will help troop leaders to plan interesting and varied programs for their meetings.

At a meeting of the Lakeview Council of the Girl Scouts at the Gas Hospitality House Jan. 25 in Waukegan, Mrs. George Sedivec received a stripe as the earliest registered leader now active in the Lakeview Council. Mrs. Sedivec first registered as a Girl Scout Leader in 1940.

Girl Scouts of Troop 5 from St. Peter's Church had a gay time at their skating party on Tuesday, Jan. 31. The party was held after school in place of the regular meeting. Eighteen girls were present, supervised by Mrs. George Sedivec.

Troop 52 of the Girl Scouts had a busy weekend last week, the reward of hard work. Their leader, Mrs. Clarence Schwab of Indian Point, had promised the girls that if they worked hard to attain second class rank, she would arrange an occasional party for them. The week before the party the girls were taken to Trevor, to the home of Mrs. Archie Burns, as part of their work on International Friendship. Mrs. Burns is of Japanese descent, and came to this country seven years ago. She is married to an American. She displayed many Japanese articles she has in her home, including dolls. She also showed the girls different hair styles worn by Japanese girls, explaining that it is traditional in Japan for a girl to change her hair style when she marries. Mrs. Burns will return to Japan for a visit in April and promised to entertain the girls again when she returns to America and to tell them of the changes that have taken place in that country.

On Friday night, Mrs. Schwab entertained the eight girls of her troop with a pajama party at her home. It was also the birthday of one of the girls, Lynn Gcist. Katie McCarthy, in true Girl Scout fashion, had baked a cake for her friend, and decorated it in white with a Green Girl Scout emblem. Saturday morning Assistant Leader Sandy Cuts took the girls on a skating party on nearby Fox Lake. In the afternoon, the regular Scout meeting was held at Mrs. Schwab's home.

Three Lose State Driving Permits

The driver's license of Patricia I. Kamp, RR 3, Lake Villa, has been suspended for three violations, according to reports of the Drivers License Division, office of Secretary of State Charles F. Carpenter.

In other action involving area residents, the division revoked the licenses of Clayton S. Dean, 128 Fairlawn, Round Lake Park, for driving while intoxicated and Donald S. Shuter, 398 No. Main St., Wauconda, for three violations.

Al Van Der Lind, 808 Bonner Rd., Wauconda, has been issued a probationary permit.

AFTERTHOUGHTS

Isn't it amazing what snowflakes can do when they stick together? Art is nothing but doing a thing in the best way that it can be done. He that can have patience can have what he will. What wisdom can you find that is greater than kindness. A thinkless man is hopeless. Give what you have — to some it may be more than you dare to think.

By Mrs. Pearl Kapell

CHANNEL LAKE — The Honor Roll of the Channel Lake School for the past six-week period includes the following students: Eighth grade — Mary Dahlman, Sharon Zerr, Mike Peters, Greg McBain, Jesse Inman and Victor Rogers; seventh grade — Pat Serchon, Karen Roberts, Sharon Dowell, Rodney Patterson; third grade (Mrs. Soby's room) — Danny Kutz; second grade — Patty Burnett, Mike Geiger, Diane Anderson, Jill Jasmer and Edwin Krupo; fifth and sixth grades — Marty Peters, Wendy Eberman, James White, John Bjork, Linda Hameau; third grade (Mrs. Amendola's room) — Deborah Stankus and Sue Turner; fourth grade — Gary Gessler, Norman Harris, Mary Lulofs and Randy Roberts. No report cards were given out in Mrs. Dorothy Karczewski's room — first grade. Mrs. Karczewski was absent for several weeks because of illness, and her place was taken by a substitute teacher.

Mrs. Karczewski returned to her teaching duties last Thursday.

The Channel Lake Community Club will hold a regular meeting Feb. 14 at the school at 8:00 p.m. Boy Scout leaders will be present to report on activities of the troop and progress of the plans for summer camp-outs.

The Happy Eight Club, reduced to six members for this meeting, met at the home of Mrs. William Frey Wednesday, Feb. 1. Mrs. Harry Weiss was absent because of the illness of her husband, who is hospitalized. Mrs. Clarence Spiering, another member, was in Florida. Present for the luncheon and afternoon were Marie Sims, Theresa Kranz, Rose Hess, and Ogot Hennig.

Matthew Thomas Chase, son of Mr. and Mrs. William Chase, was christened at St. Peter's Church Sunday, Feb. 5. Matthew was six days old. The christening was held on Sunday so that his grandparents, Mr. and Mrs. Paul Chase, could be present. They left Tuesday, Feb. 7, for a month's stay in Harlingen, Texas. George Hucker and Mrs. Harriet Runyard are godparents of little Matthew.

A buffet luncheon was served at the William Chase home after the event. Present were the Thomas Runyard family, Albert Chase, Fred Runyard (the great-grandfather), Mr. and Mrs. Lee McKinney, the

Mr. and Mrs. William Chase are the parents of a baby boy, born Jan. 31 in Woodstock Hospital. Matthew Thomas is his name. He weighed seven pounds fourteen ounces at birth.

ADVERTISING

"It is a well-known fact that advertising is the life blood of a newspaper. Here at the News, however, we've never taken the attitude that any businessman owes us advertising—we think he owes it to himself. It is a point to be considered that during our decade of newspapering, we have seen a number of firms spend more advertising money to go out of business than they ever spent to stay in."

PONTIAC'S TEMPEST WON IT!

(Motor Trend CAR OF THE YEAR Award goes to Tempest!)

The editors of this top-flight magazine voted solidly for Pontiac's newcomer—the Tempest. Here's what they said: "We studied 28 American cars. The Tempest flexible drive-shaft is the most sensible, dependable power train we've seen!" "Equalizing the weight on the front and rear wheels gives the Tempest great traction and ride." "The Tempest 4-cylinder engine should do wonders for gas economy." Take it from these car experts. See your Pontiac dealer.
